

## **My Hero**

*Sophia LaRue*

I'm here to tell you about one of my heroes

A very special one, a very special one

Most people would say a nurse during COVID-19

But I'm here to tell you about a sort of nurse, I guess,

And a teacher, yeah.

Because it's my mom, yeah it's my mom.

Oh yeah, it's my mom. Yeah, my mom.

She is the one who helps with my cuts and bruises,

Cuts and bruises.

Yeah, she is the one that helps me when I get a scraped knee,

Or when I have a tummy-ache.

Oh, 'cause I'm here to tell you about a nurse of sorts.

Yeah, 'cause I'm here to tell you about a teacher.

She's my mom, my mom, my mom.

She's my mom, my mom, my mom.

She teaches me a lot – such as, science, geography, history,

Math, and reading, and writing,

Spelling too, 'cause she's a teacher and a nurse.

Yeah, she's my mom, my mom, my mom.

What can you say, she's my mom, my mom, my mom.

And she's special because she is my hero

Yeah, she is my hero. Yeah, she is my hero.
